I am writing you so you can show
your men that you read,

O.K. Now my ^{own} complaint became
a widow 62 years ago and Pop
left six kids the eldest, so I was
elected to go and care for them
all under ten years of age mother
never remarried Pop was a German
mother was Bohemian we were called
the German kids

my son returned after 2 1/2 years
tragedy never ceases. I have a pension
of £46.50 I have no other money
I am living with my other son
now after Herb's death I got a stone
in the common liver duct I had
to go to a Hospital and had no choice
of doctors of Hospital and I contracted
Typhoid the worst that duty Hosp.
told me I had to get 178 Penicillin
capsules and the operation both to
get them I don't drink or smoke I
wish I had a few pices as my
bad habits are no importance to poor
people instead of minding other
people's business across the ocean

now as I grew¹² with no education
I went to the cigarette factory at
79 street Wre¹² to work 100 a
day for 12 hours 6 days a week
all my sister and 2 brothers turned
out hard work started out kids
all dead but my sister the youngest
at 62 a widow with not much
money and I at 72. Mother had to
be supported in her old age but
we were glad to do it to a good
wholesome mother. I married a
Welshman a son of a coal miner
and as bad as I in Education &
no trade this brother and sister
at 7 kids also all dead and started

let them mind us, the poverty
around me is awful the rotten
curruption in Washington is awful
no socialized medicine for us
the lousy crooks doctors you
should have been there they
said I ought to be glad that
I have a place to go so now I
am a little enuf of them rotten
